

KEEP THIS ANNOUNCEMENT FOR FUTURE REFERENCE

Invest in a basic Alberta Industry

"Petroleum is one of our most valuable natural resources. . . . The refining of petroleum must become our foremost industry".

THIS is the Age of Oil — an era of Industry in which Petroleum has forged to the front rank among natural resources — the prime ally of Industry. To suddenly shut off the supply for one day would seriously cripple the work of the world and lose millions of dollars.

Alberta has come into the spotlight as one of the world's greatest petroleum fields. At this moment we are on the very threshold of big production. Authorities agree that within a year we shall have taken our place as the very greatest petroleum area in existence.

One Alberta oil well alone is producing \$2,000,000 a year. . . . At the very door of Edmonton is the Wainwright field, only a part of the great oil-area of the Province, the development of which is already under way.

AT PRESENT Canada pays to the United States about \$120,000,000 a year for petroleum and its products. Here in Alberta alone, with boundless potential oil supplies at our door, we pay millions annually for gasoline. High proportion of the sum is paid for refining and transportation charges from United States to Canada.

Eighty per cent of all the profits in oil, according to the report of the United States Investigating Committee which dissolved the Standard Oil Trusts was made by those who refined and marketed the oil.

It is obvious that even at our present stage of oil production in this Province a Refining and Distributing Company is an enterprise for which there is a splendid waiting opportunity.

IT WAS in answer to this opportunity that the Alberta Refineries Ltd., was organized and a refining plant installed. That the enterprise is justified is amply proved by the widespread and enthusiastic response of the consuming public when the product "PEP", a high-grade gasoline was put on the market. . . . Today the first plant, capacity of 1,000 barrels of crude oil a day, is unable to cope with the demand. Another plant of 500 barrels capacity is projected and this will take care of not only the present output of the Wainwright field, but crude oil from other fields as well.

THE purpose and program of the present organization, "Refineries Distributors Ltd.," (shares of which are now offered to the public) is to market and distribute "PEP" products and to erect a "Cracking Plant" which will extract from the crude oil of the Wainwright field as high as 50% to 70% of gasoline. This is a highly important economic process at the present stage of crude oil production.

The immediate distributing program of Refineries Distributors Ltd., includes the erecting and maintaining of Service Stations for the marketing of "PEP" gasoline and "PEP" products.

The success of this organization is practically assured. The details in which the investor will be closely interested are given below.

"PEP" is the appropriate name given to the gasoline product of Alberta Refineries Limited, produced from the crude oil of the Wainwright field.

"PEP" has justified its name as a lively, volatile, anti-knock gasoline which motorists insist upon after once having used it. Today the present "PEP" plant is inadequate for the demand.

A second plant, however, is projected and when completed will at once relieve the demands and increase the profits of the company.

With the addition of the cracking plant unit projected by the Refineries Distributors Limited there will be a supply sufficient to expand in highly profitable proportion the distributing activities of this company.

+ Cracking Plant

The question which immediately arises in the lay mind, confronted with the proposition of the Cracking Plant, is: "What is there in crude petroleum, besides a natural residue, that can not be refined to gasoline by the ordinary refining process?"

A quotation from a lecture by a professor Gustav Egloff, of the research laboratories of the Universal Oil Products company, Chicago, delivered before the oil section of the American Institute of Mining and Metallurgical Engineers, on February, 15, 1926, answers this question:

"One of the wonder oil fields of the United States is the smack-over Arkansas, which is still producing 150,000 barrels per day, of which 163,000 barrels (December 31, 1925), is heavy oil. This oil, of asphaltic character, is not very satisfactory as a fuel oil due to its emulsified water, high sulphur contents and other properties.

"The general inquiry when a new smack-over well was brought in 'What will they do with it after they get it'?"

"One leading oil man stated that smack-over Heavy crude had everything in it, it should not have for a refinery. Yet, despite these pessimistic statements, smack-over heavy oil is being commercially cracked into over 50% gasoline. Smack-over heavy crude oil production of 160,000 barrels daily can be converted into 81,500 barrels of gasoline per day by the cracking process."

The results achieved from the Kaven Sagar Fuel Oil process, those which will be accomplished by the Cracking Plant in treating the crude oil from the Wainwright field, as the chemical composition and gravity of the oils are almost identical.

"The Dubbs Process is so flexible that it converts any type of oil without change of principles or equipment into gasoline. Commercial plants are in operation or under course of construction in various parts of the world, such as Japan, Borneo, Java, and Dutch West Indies, Australia, Rumania, and many parts of the United States."

Refineries Distributors Limited

Capitalization - \$1,000,000

90,000 Shares, Preferred, \$10 Par.

100,000 " Common, \$1 "

DIRECTORS:

JOHN L. MERCER, Edmonton, Alberta, President.
M. C. HAMMOND, Edmonton, Alberta.
J. C. C. BREMNER, Clover Bar, Alberta.

A. B. MACDONALD, Edmonton, Alberta.
W. A. TRIMBLE, Edmonton, Alberta, Secretary-Treasurer.
SWAN SWANSON, Edmonton, Alberta, Director.

Refineries Distributors Ltd. was organized with a Dominion Charter, capitalized at \$1,000,000, divided into 90,000 8% Preference Shares with a par value of \$10.00 each; and 100,000 Common Shares with a par value of \$1.00 each. Paid up capital is \$200,000.

The company was organized to market the "PEP" products of the Albert Refineries Ltd., and also to produce gasoline and other products from crude petroleum by means of cracking plant, this plant employing the Dubbs process, a great scientific and economic advance over the ordinary refining plant, extracting from 3 to 5 times as much gasoline from the crude oil.

The present issue, for the purpose of carrying on the immediate program of the company, is 30,000 Preference Shares, of which 10,000 shares have already been sold. The Preference Shares are offered in units of 1 at par \$10.00, and each of these Preference shares carries a bonus of 1 Common Share.

The initial program of the company is to erect and maintain a number of Service Stations throughout the Province for the marketing of "PEP" gasoline and petroleum products, a profit of 8c per gallon clear of

freight being available from this source alone at the present market prices.

Also to erect a "Cracking Plant" at a cost of \$150,000. This will have a capacity of 1,000 bbls. of crude oil and will produce from this a minimum of 500 bbls. of anti-knock gasoline every twenty-four hours. At 35 gallons to the barrel, this shows a total output of 17,500 gallons a day.

Apart from the individual profit of the cracking plant unit working at capacity, the output marketed through the service stations shows a distributing profit of \$525.00 per day net. This alone will show a handsome dividend on a \$1,000,000.00 capitalization in addition to the 8% per annum on the preferred shares.

Detailed figures will show this enterprise to be one of the very highest potentialities for profit. We shall be pleased to send a digest of the situation, based upon actual conditions, to the earnest investor.

In the meantime the soundness of the proposition will appeal to the investor who realizes that these pioneer enterprises in industry based directly upon natural resources, reap the rich reward.

Seakirks Defeat Centrals in Splendid Ball Game 4 to 0

"SEAKIRKS" SMITH TOO MUCH FOR ROGERS CLAN, ALLOWS BUT THREE HITS IN GAME

Goldworthy Was Trifle Wild, and Three Runs Scored As Result — Scott Gets Three Base Hit — Campbell Has More Color.

By Ken McConnelly
"Seakirks" Smith, who defeated the Centrals that he is one of the pluckiest players of the season, was the scheduled opponent of the Seakirks in a game at Diamond Park last night, 8 to 0.

While Smith did not strut over the path leading to baseball's hall of fame or make distinction, he outwitted the Centrals into a defeat that was a new hit, three all told, but only once during the seven innings, did the Centrals look like scoring and that was in the first frame when Lloyd McIntire got a two base hit to left field. But he died on the path.

PROVERB TOUGH BAREBALL YELL

It was a ball game all the way. For the past three weeks the Seakirks have been playing somewhat of a bareball game, and the Centrals have been performing below the hill. Last night, however, the Seakirks, to the surprise of all, were not in complete control, but the boys were all playing ball and it was an exciting game from the first till the last.

Seakirks' Danny McLean was forced to call the game off at the first of the seventh. This was a surprising move, for the Centrals were leading 3 to 0 at the time. The game was called off because of the darkness, but the Seakirks were not in complete control, but the boys were all playing ball and it was an exciting game from the first till the last.

Why Seakirks Scored
Lloyd Goldworthy was pitched against Smith and he was a pitcher of considerable ability. The Seakirks were not in complete control, but the boys were all playing ball and it was an exciting game from the first till the last.

Why Not Hughes?
The board of managers with the Centrals showed poor judgment. Why Hughes should not have been in the game, a runner was asked for. The Centrals were not in complete control, but the boys were all playing ball and it was an exciting game from the first till the last.

Goldworthy's Fault
As in the first and fifth innings there was general upbraiding of Goldworthy. In the fifth inning he was hit, he went to second on a passed ball and scored when McIntire hit a home run. The Centrals were not in complete control, but the boys were all playing ball and it was an exciting game from the first till the last.

The Seakirks
Lloyd Goldworthy was a trifle wild and usually at the expense of opposing batters. He did not have any free passes in the game. The Centrals were not in complete control, but the boys were all playing ball and it was an exciting game from the first till the last.

According to the Centrals, take back to the first base. A big home run was scored. The Centrals were not in complete control, but the boys were all playing ball and it was an exciting game from the first till the last.

McTIGUE AFTER BERLENBACH BOUT

Associated Press
NEW YORK, July 7.—McTigue Tuesday took advantage of the favorable impression he made in a decisively outpointing Johnny Blisko of Cleveland here last week by filing a fight heavyweight challenge against Paul Berlenbach, to whom he lost the crown a year ago.

The state athletic commission deferred action pending the outcome of Berlenbach's title battle next week with Jack Delaney of Hempstead, Conn.

DETROIT LOSES FIVE STRAIGHT; TWO HOME RUNS

Chicago Sox Win Two, Defeating Indians Tuesday, 8-0

Associated Press
NEW YORK, July 7.—Detroit at home Tuesday lost the fifth straight game and the first in a row with the Chicago Sox, 8 to 0. Detroit's only score was a home run by Paul Killebrew and a double by Paul Killebrew. The Sox scored four runs in the first inning and three in the second. The Sox scored four runs in the first inning and three in the second.

CIVIL SERVICE TENNIS RESULTS

Two more events the men's handicap and the ladies' handicap singles were completed in the Civil Service Tennis tournament Tuesday. In the men's event, Rex Stewart defeated Bernard Cox in two sets at 6-4, 6-4. Both players went all out for their shots but Stewart proved the staidier in the pinches and just got home comfortably in each set.

In the ladies' event, Miss G. Farmer and Mrs. McLennan ranged in the quarters. Miss Farmer won the first set only to have Mrs. McLennan defeat her in the second. Mrs. McLennan came back strong to take the third set and the match.

Today's draw is as follows:
MRS.—WILLIAMS and Miss Rose vs. Anderson and Miss Anderson.
MRS.—GUTHRIE and Celtic vs. Gould and Celtic.
MRS.—FISHER and Hargrave vs. Hargrave and Celtic.

TONY LAZZERI MAKING GOOD WITH NEW YORK

New Recruit to Yankees From Coast League Proves To Be Star Player And Not Like Some of Other High Priced Athletes

By DANIEL M. DANTEL
Editorialist to Bulletin

NEW YORK, July 7.—Tony Lazzeri, 30-year-old, like Francisco, that's his home address. But Tony seems to be thoroughly at home in any ball park on the American League circuit. Just a year ago LAZZERI was being billed "home run" and "diver" other "specimens" of his for the San Francisco club of the Pacific Coast League. But in the majors the focus of Tony were greeted with looks of doubt and phrases of disparagement.

"Another one of those Coast League wonders" like Paul Strand, Rube Waddell, and the "Barfield Air," they called Tony. Infatuated basing average of the league, old Tony had come to excite most of the managers and club owners of the major leagues. No a few of them had been strong good and proper, and they were more than wary.

But Tony Lazzeri, of Telegraph Hill, just now is being proving that his average with ball bats is not all air, and that in another year he will stand out as a polished fielder as well as a potent hitter. For Lazzeri is one of the new sensations of the baseball year, one of the major factors in the brilliant rise of the Yankees from the slough to the pinnacle.

Paid \$65,000 for Him

While all the other clubs remain skeptical, the New York Yankees sent the limit to get Lazzeri. While the others scoffed, the Yankees spent big five players and \$45,000 in cash (total of \$45,000) to get the hitting infielder.

Time has justified the judgment of the Yankees, who was chief scout of the Yankees at the time Lazzeri was spotted. It was Coach Joseph P. Kamp who saw the jumper from Telegraph Hill.

Lazzeri's rise in a record of 60 home runs in the Coast League last season—led to his being spotted by the Yankees. He was spotted by the fact that he had hit 100 home runs with the Red Sox and Yankees and manager of the San Francisco club last year, records named the sale of Tony to the Omaha of the Western League for a scanty \$10,000.

TO INVESTIGATE MANAGEMENT OF BOSTON BRAVES

Club Officials Had Nothing To Say Monday Night "Something Doing"

Associated Press

BOSTON, July 7.—A police investigation into some phases of the management of the Boston National League baseball club is being carried on. It was learned here Tuesday night after Judge Emil E. Puchta, president of the club, and manager Dave Bancroft, advised the Brighton district police station.

The club owner and his right hand man, were "cleared for more than an hour with Captain Anderson. The conference ended with the agreement of a special officer. The four left the station and were gone all day. Judge Puchta Tuesday night admitted that an investigation was in progress, but declined further comment. If the probe centered around any club official or was the result of the disappearance of funds, the owner replied he had "nothing to say at this time."

Good Story — Maybe

Other club officials asked comment referring all questions to Judge Puchta, although one admitted that "there's a whole lot of story," the police also refused information.

Good as Quinnet

GEORGE CAMPBELL, 26-year-old, a great deal about him, later on, he's a promising center, and according to his dad, Alex Campbell, one of the oldest pros in the country, is "a game player." The elder Campbell says, "This kid is as good a center as I've ever seen, and he's a real one." That's quite a compliment, as George recently missed a goal, and won his first tournament—the big high school championship of Dayton, Ohio.

DOUBLE CENTURY FOR JACK HOBBS

Canadian Press Cable

LONDON, July 7.—To reach the double century mark within a couple of weeks was the performance of Jack Hobbs, England's greatest batsman, when in the game concluded at Southampton Tuesday. A benefit for Kennedy, the well-known Hants bowler—he scored 200 runs. This followed his 201 against Oxford University on June 28 in the county where he and Sandham combined a new cricketing record by maintaining a first wicket partnership for 425.

QUEEN MARY'S COMPETITION IS CONCLUDED

Ottawa Representative Is Highest Among Canadians For This Trophy

OTTAWA, July 7.—The Queen Mary's prize competition, concluded Tuesday at Hazy Gully, resulted in a tie for first place between J. A. Humberstone, of the First Regiment, and S. M. Chubb, of the 17th. Chubb, who was the prize and trophy, the lower to receive the silver medal for second place. The bronze medal for third place was given to J. A. Humberstone, New York regiment with 171. Lt. Desmond Burke, of Ottawa, and a Canadian competing in the Queen Mary's prize shot under perfect conditions, with a score of 118.

Weather conditions better

The first two practices were shot Monday in a downpour of rain but weather conditions were somewhat improved Tuesday, and a cool wind made shooting better. The third practice was on short range fire at 300 yards, and the final ten shots, sharp shooting, also at 300 yards.

H. N. Avery, of the largest rifle brigade, won the Kings medal for the best shot in the army at home. He scored 118 in this event which was shot under perfect conditions. He was cheered around the camp behind a band, following his victory.

Match Results

FAVORITES HAVE POOR DAY AT CALGARY MEET

Fans Treated to Thrilling Program—Highest Price \$7.50 for \$2.

Associated Press

CALGARY, July 7.—With the full house, fans treated to a thrilling program of boxing, wrestling, and exhibition Tuesday afternoon, were treated to a boxing program that was one of the best of the season. The main event was a ten-round bout between a Black Belt, the winner of the sixth event, the feature attraction of the second day.

IF I WANT TO READ ANY
FICTION I'LL BUY A COPY OF
GULLIVER'S TRAVELS ANYTIME
ONE OF THOSE HIGH POWERED
SALESMEN FOOL AROUND THIS
OLD FOX THEY ALWAYS LEAVE
WITH A KNOCK IN EVERY CYLINDER.

—By King

WAS THERE'S ANYTHING I MEANT TO TALK TO YOU ABOUT - WOULD YOU LIKE TO?

MUSTY, ARE YOU GOING TO LET MARRIED LIKE UNICA WAIT DID?

NO!

THE W. F. PRICE COMPANY, INC.

—My Sol. Her

I'M CERTAINLY UP AGAINST IT IF EXERCUTION TRES GOES UP WHAT DOWN I'LL LOSE DOUGH AND IF IT GOES UP THAT LITTLE SUG MAKES MY LIFE MISERABLE I WISH I KNEW HOW MUCH WE COULD AFFORD TO LOSE WITHOUT GOING BROKE— I'D ENJOY IT

BUT DOES ONE REALIZE THAT REQUIRED THE WOLF TO RUN HIS TRAIL?—US TO BRING ABOUT HIS FINANCIAL RUIN— WILL HE SUCCEED? TIME ALONE WILL TELL—

NO-NO!
OUTS!

NO WE
DON'T SEE
HIM AT ALL
HOLIDAY

I'LL GO OVER TO OSCAR
STEINBAUM'S AND IF HE
WASN'T THERE - WELL -
I DON'T KNOW WHAT
TO THINK!!

CAN IT
BE POSSIBLE
THAT
DISASTROUS
MAGES
OVER TO
THE
COMMUNITY

LET'S
HAVE A
BIG
MEETING

CLEAN-UP OF CUSTOMS WILL BE CONTINUED

Acting Minister of Department Announces His Intentions

PRESENT CABINET WILL CARRY ON

Does Not Feel That Dissolution of House Affects Situation

BY F. C. MEARS
OTTAWA, July 7.—A clean-up of the department of customs and excise is now proceeding and will continue steadily, according to Hon. H. H. Stevens, acting minister of that department, who was asked this afternoon the extent to which he was prepared to go in implementing the resolutions adopted by the House in its concluding days.

He believed that in a short time there will be the appointment of the House to proceed in the direction of the House, that body to continue a clean-up of the department, and that the House will be able to continue the investigation into the situation of the department, and ascertain the best means of making the department the law more effective.
